*Homework** = 20% of grade

Assessments = 80% of grade

* If you have an excused absence, then turn in your assignment when you return to class. Otherwise, late assignments are NOT accepted. All work/steps must be shown in standard mathematical notation. Neatness counts.

There will be one LARGE assignment due on block day each week. [If no there is no block, then you will be given a due date.] There will be an assessment every other week on block day.

[Do not bother trying to “negotiate” since it is a waste of your and my time]

What to bring to class:

Textbook, something to write with, something to write on, and your graphing calculator

IBHL Maths exams will be given in May

Internal assessments will be given during the first semester and will be due ONE week after they are assigned and must contain YOUR work.
